REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Note that the art rejections are considered moot in view of the cancellation of claims 11-20. The presence of the printed image on an outer surface of the porous film structurally distinguishes the instant claims over the prior art. Those skilled in the art would not be motivated to employ a printed image on an outer surface of the hydrophilic microporous film of Taskier, which has particular application as a battery separator.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
